

Architecture creates places where life happens. We have the power to choreograph these spaces.

Architecture demands integrity, awareness, and thoughtfulness. These qualities define our work.

Architecture is a record of its time. We recognize that we are making a mark on a continuum.

Architecture is a responsibility. In our profession, the stakes couldn't be higher.

We celebrate the constraints and challenges of every project. They are the starting point.

We respond to context and climate. We endeavor to mend campus plans and integrate with urban fabric.

We give new life to old buildings. We respect history and aspire to enhance a building's past with our work.

We strive for enduring works of beauty and functionality.

Our tools are markers and trace, study and inspiration, shadow and light.

The form of our buildings express function and program. We pursue clarity of plan and section.

We value materials for their inherent properties and aim to use them honestly.

We seek to distill our projects to their essence: from concept to diagram, from massing to detail.

Making architecture is hard. It requires optimism and stamina, humility and ambition.

We do not wear black capes. We wear work boots, hard hats and furrowed brows.

We ask relentless questions. We collaborate with experts across many fields to create buildings that last.

We make mistakes and we learn from them.

We actively develop the culture of our firm. We create avenues for growth.

Everyone is empowered to contribute. From the grassroots up, from the leadership down.

We prioritize mentorship and education. Our goal is to continually learn.

We value our individual talents and realize the power of collaboration.

Our work furthers the missions of those who do good work. THAT is our motivation and inspiration.

We are grateful for our clients and the trust they place in us.

Every project is worthy of our best, no matter how small or humble the program.

We create responsible, moral architecture to give back to our communities.

We aspire to change the world for the better, one beautifully designed project at a time.
